WORKDAY - WORK WEEK

Section 4.01 Eight hours from 8:00 AM to 12:00 noon, 1:00 PM to 5:00 PM (unless otherwise mutually agreed upon between the Employer and the Union) shall constitute a workday. Forty hours within five days, Monday through Friday inclusive, shall constitute a regular workweek. Employees of the Employer will not work over eight hours per day (in order to bank time) for the purpose of quitting early on Friday.

FOUR TEN-HOUR WORK WEEK

Section 4.02 The ten hour day, four day week may be scheduled, Monday through Thursday, with a make-up day on Friday; or Tuesday through Friday, with the make-up day on Monday following. (The make-up days usage is on a mutually agreeable basis between the crew and the Employer). The number of make-up hours shall be those actually needed to complete the 40 hours per week.

DAILY TRAVEL TIME

Section 4.03 The eight or ten hour workday shall start at the regularly established crew headquarters and shall end at the job site. The Employer may elect to end the workday earlier if necessary to assure that the arrival at crew headquarters will be no later than thirty minutes after the regular dismissal time which is usually 5:00 PM.

If the workday ending is not correctly determined causing those returning to the crew headquarters on the Employer's truck to arrive there more than thirty minutes after the regular dismissal time, then all workers will be paid for the excess time beyond thirty minutes after the regular dismissal time at the applicable rate of pay.

(Example: If traveling time from a job site to headquarters is forty-

five minutes, then the Employer may elect to end the workday fifteen minutes before the regular quitting time in order to arrive at headquarters not later than thirty minutes after the end of the regular shift time).

OVERTIME RATES

Section 4.04 Work in excess of eight hours, or ten (10) hours when working a 4-10 schedule, on any regular workday or performed outside regularly scheduled work hours shall be paid for at the rate of one and one-half times the regular straight time rate of pay; provided, however, when an employee is required to continue working after his regular pre-scheduled quitting time and the work continues into the next regular workday, all time so worked during such next workday shall be paid for at one and one-half times the regular straight time rate of pay.

HOLIDAYS

Section 4.05 Work performed on Sundays and the following holidays--New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day or the days celebrated as such--shall be paid for at double the straight time rate of pay. Employees desiring to be released from work on Armistice Day shall request permission for such absence beforehand. The Employer will grant to those employees making such request time off without pay and without affecting such employee's other rights or privileges under this Agreement; provided, however, the Employer shall not be required to grant such request in any case where to do so would make it impractical for the remainder of the crew to work.

REGULAR REPORTING TIME

Section 4.06 Employees reporting for work at their regularly designated time and place during inclement weather shall receive a minimum of two hours' pay unless instructed not to report by the Employer. Employees shall be required to remain available and perform such work as may be assigned to them during the two hours for which they are to receive pay. However, they shall not be required to remain available or away from headquarters for a longer period of time without being paid for the extended time.

Section 4.07 If, during a "Reporting Time" period, the Employer deems it necessary to assign them to work during inclement weather double the straight time rate of pay shall become effective and prevail as long as they are required to work in inclement weather.

CALL-BACK REPORTING TIME

Section 4.08 (a) A minimum of four (4) hours at the straight time rate of pay shall be paid by the Employer to each employee called back to work after having been released from his regular day's work. Time on such call-back is to start when the employee is called (a maximum of 1 hour to be paid toward travel time) and end when he is returned to job headquarters.

(b) When the Employer deems it necessary to call out employees, reasonable effort shall be made to call out the entire crew.

(c) Pre-arranged or pre-scheduled work outside of regular work hours shall not be considered call-back work.

(d) When members of another crew or crews respond to an emergency, all workmen assigned to the emergency shall receive the applicable rate of pay.

(e) If, during a regular scheduled work day, the client request that the crew responds to an emergency event and the duration required to clean up this event exceeds five (5) hours, from start to finish, this will be considered a call back situation.

STORM WORK

Section 4.09 (a) Workmen responding to an emergency shall be paid at the time and one-half rate for the first 16 consecutive hours, then at double time for all work over 16 consecutive hours unless broken by an 8 hour rest period. After each 8-hour rest period men returning to work shall be paid at the time and one-half rate. If, during the course of the work period, inclement weather is encountered, employees will place electrical equipment, conductors, materials and the work areas in a safe condition in order to preserve life and property. If, however, employees are required by employer to continue with this work during inclement weather beyond one hours' time, then all such work performed outdoors during inclement weather shall be paid for double time rate of pay.

(b) While engaged in storm restoration work and a meal is not furnished by the Client or the Employer, a twenty (\$20.00) dollar allowance shall be paid for each scheduled meal.

HEADQUARTERS

Section 4.10 (a) The Employer shall set up job headquarters in or near a town wherein suitable living quarters can be obtained by the workmen.

(b) The Union office will be notified within forty-eight hours after a crew has changed headquarters or a new headquarters has been established; such notice shall include names of employees involved.

Section 4.11 When a new headquarters is to be established for the mutual advantage of both the Employer and the employees, this may be done by mutual agreement between the Employer and the Union.

Section 4.12 Employer must furnish water and ice daily when necessary.

TRAVEL TIME

Section 4.13 (a) Wages at the regular straight time rate shall be paid by the Employer to workmen for traveling time (as determined from public carrier schedules, town to town) when ordered by the Employer to leave one job site and report to another town outside the regular working hours and while work is still in progress at the job site of the first headquarters.

(b) (INTERPRETATION: This clause is only applicable when moving crews or men from one permanent headquarters to another permanent headquarters outside regular working hours.)

PAY FOR TRANSFER OF EQUIPMENT

Section 4.14 Each employee required by the Employer to oversee or engage in the transfer or removal of equipment, supplies, tools and/or men from one location to another, during the progress of a specific job and between jobs whenever practical, shall be paid at the applicable rate for the time so worked.

MEALS

Section 4.15 When it is necessary for employees to continue working after their regular pre-scheduled quitting time, they shall be furnished a meal or meals at the Employer's expense as soon as practicable after having worked six consecutive hours for that day and at intervals of not more than six hours each thereafter while they continue work.

GENERAL FOREMAN

Section 4.16. Each Employer at their discretion, may institute a General Foreman classification.

There shall be no restriction on the Employer to employ a General Foreman.

Assignment of, and responsibilities of a General Foreman shall be the sole discretion of the Employer. The Employer shall notify the Local Union of the name of all individuals appointed as a General Foreman.

The Union recognizes that the Employer may utilize other management positions within their organizations to direct any work covered by this agreement; however, the Employer will recognize a reasonable chain of command (i.e. Employer/other management position - general foreman (if appointed) - foreman - journeyman lineman).

FOREMAN DISTRIBUTION

Section 4.17 (a) Each crew of men, four and not more than twelve, working from a job headquarters shall work under the direct supervision of a foreman. When a crew is composed of more than twelve men, an additional foreman shall be in charge of each additional twelve or

multiple thereof. In the absence or non-availability of a regularly designated foreman, a journeyman shall be designated as temporary foreman and while so designated shall receive the hourly rate for regular foreman.

(b) Foreman and temporary foreman shall not work with the tools except when clearly necessary to ensure the safety of men in their charge and as hereinafter provided.
